

accommodation

50 years of quality holidays in the south!

All accommodation is equipped with a full sized cooker and fridge, crockery and cutlery, colour television, bed linen (not Swanage) and FREE electricity (and gas where applicable). Please note we do not supply towels or tea towels. In all our accommodation we request that you do not smoke.

The caravans vary with regard to size, layout and interior décor as there are a number of manufacturers and models available. All the caravans have the specification as detailed, although some have extras. Therefore it is often the case that caravans of the same category name are not identical.

We offer economy chalets, many of which allow pets.
